

Competition Topics – Associate Professor, 3th position

1. Human behaviour and sustainability
2. Environmental conservation in human dominated landscapes: a social-ecological approach
3. The tragedy of the commons: new perspectives
4. Political ecology
5. Island biogeography and metapopulation theory
6. Dispersal and vicariance in biogeography: critical evaluation
7. Phylogeography: past and future
8. Environmental hazards and social vulnerability
9. Physical abnormalities and environmental quality in humans
10. Human population density and biodiversity
